REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-13 are allowed because none of the prior art references of record teaches a method for creating one or more ink jet chambers, the method comprising the steps of exposing a portion of the remaining unexposed photo-imageable region for forming an output nozzle; of curing the exposed portions of the photo-imageable material; and of removing all the remaining uncured photo-imageable material for creating the ink jet chamber in the combination as claimed.

Citation of Pertinent Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art references (US Pat. 5,030,317; US Pat. 6,162,589; US Pat. 6,310,641; US Pat. 6,406,134; US Pat. 6,638,439; US Pat. 6,709,805; US Pat. 6,773,869) cited in the PTO 892 form show a method for forming an ink jet print head that is deemed to be relevant to the present invention. These references should be reviewed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
